Laser Basics Quiz

Status	Finished
Started	Friday, 24 April 2026, 2:54 PM
Completed	Friday, 24 April 2026, 2:55 PM
Duration	1 min 15 secs
Grade	**8.00** out of 8.00 (**100**%)

Question 1
Correct
Mark 1.00 out of 1.00
Flag question

Alice does five jobs on the laser, lasting 2, 8, 3, 14, and 9 minutes, for a total of 36 minutes of laser time. How much does Alice owe?

a. $0 - DMS doesn't charge for laser use.
b. $7 - It's $1 per 5 minutes, and we round 36 down to 35.
c. $8 - It's $1 per 5 minutes, and we round 36 up to 40.
d. $36 - It's $1 per minute

Your answer is correct.
The correct answer is:
$8 - It's $1 per 5 minutes, and we round 36 up to 40.

Question 2
Correct
Mark 1.00 out of 1.00
Flag question

Match each set of fire safety steps to the type of fire they are meant to handle.

Continue watching the job to ensure the fire does not catch or spread. Do not stop the machine. No further actions are required. — Trivial Fire

Press the emergency stop to stop the machine. Open the door (if needed) and use one of the nearby fire extinguishers to spray down the affected areas. Once it is safe, post the incident to the talk forums. Put a note on the machine marking it down, and do not attempt to use the machine again.
You should hit the emergency stop button and then use the Fire Extinguisher to spray the affected areas. — Machine Fire

Press the emergency stop to stop the machine. Open the door and use the air nozzle to put out the small fire. After it is safe, post about the incident on the Talk forum. — Material Fire

Your answer is correct.
The correct answer is:
Continue watching the job to ensure the fire does not catch or spread. Do not stop the machine. No further actions are required. → Trivial Fire,
Press the emergency stop to stop the machine. Open the door (if needed) and use one of the nearby fire extinguishers to spray down the affected areas. Once it is safe, post the incident to the talk
